

"Because of God's tender mercy, the Dayspring from heaven is about to break upon us, to give light to those who sit in darkness and in the shadow of death, and to guide us to the path of peace."

Dayspring Youth!

Dayspring spent Monday, Tuesday, and Wednesday discussing the great ideas of our Youth Ministry Architect leaders. Check out some of their exciting plans for this new ministry!

Wanted: Robot Parts!

Seriously, the upcoming series for the Children's worship service is about a Robot Repair Shop. Sharon is in search of some old "parts" that could be used to create robots as part of the room décor. Items like vacuum cleaner hoses, funnels, wheel rims, basically anything that looks mechanical, will work. These should be fairly large, since Sharon is planning to build life-size robots. Check your garage junk boxes and bring your "finds" to the Dayspring office. Thank you!

Rocks in the Prayer Room

Even the most avid Prayer enthusiast will admit that sometimes it is difficult to stay focused during a devotional time in prayer. The thoughts and joys and desires on our hearts that we bring to the spiritual realm can easily be distracted by the noise and demands and limitations of the physical world. Some find it helpful to remain focused on Christ, by holding onto a symbolic representation of Him, with a tangible object.

On the supply shelf of the Prayer Room, you will notice a little basket of small, smooth stones with a simple cross imprinted on them. These are just the right size to clasp inside of praying hands. We invite you to use these Prayer Stones in the prayer room, and if you find it helpful, take it with you as a reminder to pray during the rest of the week.

The prayer room is open Sunday mornings 10:00-11:00 AM.
